

The Legacy Project

TASC: Think Act Share Change Organization

Overview

In our traditional educational system, we are taught the grand narratives of history, but rarely are we encouraged to explore how our personal histories and family stories intersect with and enrich those narratives. The Legacy Project is here to make a difference.

Goals

1. Through this initiative, we provide a platform for individuals like you to preserve and share the family stories and legends that have been passed down through generations, whether in written form or oral tradition. These stories are not just memories; they are threads in the larger fabric of history. Your contributions ensure that these voices are heard, cherished, and preserved for the future.
2. Together, we're not just preserving history—we're making it personal, inclusive, and alive for generations to come.

How to Share Your Story

Submissions should be made via email at p.legacy.stories@gmail.com or scan our QR Code to access our designated **Google Form**. All submissions undergo light editing and revision for clarity and structure, but **the core content and meaning remain unchanged**.

Stories must meet basic criteria to be eligible for publication:

- **Historically Accurate:** Based on real people, events, and family accounts
- **Authentic:** Original and not fictionalized or invented

Detailed submission guidelines are provided in the Google Form.
